Am I taxed on my earnings as a consignor?

All consignors who earn \$600 or more will be required to submit the IRS form W9 to FUMCWP in order to receive your check. The church will then send the appropriate IRS 1099 form to the consignor for the tax year during which the sale took place.

If consignors wish to lower their earnings to \$599.99 or below, they may request in writing an amount of their earnings to be donated to the church. The consignor will then receive a check for the remaining dollar amount. If the consignor amount is less than \$600, a W9 is not needed and the church would not submit tax forms on these earnings. The church can then send a donation receipt for the amount donated, which the consignor may include in their tax return.
